### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

# **SITUATION SUMMARY**

## **Cal OES COASTAL REGION**

### **American Challenger, Southwest of Bodega Bay, Marin County**

The California State Warning Center was advised of two vessels disabled Southwest of Bodega Bay, Marin County. This occurred during a tow transport from Seattle to the San Francisco Bay. A tugboat (Hunter) was towing when the line failed, the tugboat is safely anchored in Sausalito at this time, the Fishing Vessel (American Challenger – approximately 7,000 Gallons of Diesel Fuel, Motor Oil and Lube Oil on board). The United States Coast Guard is on scene monitoring at this time. The fishing vessel has run aground on 03/06/21 at 0100 hours, and is carrying approximately 7,000 Gal(s) of diesel. Cal OES Marine and the California State Warning Center are monitoring the situation.

#### **Per Cal OES Maritime:**

- American Challenger – had no crew onboard, what is called a dead tow.
- Hunter – crew stayed onboard and dropped anchor.
- Salvage operations are being conducted.

#### **Per US Coast Guard:**

- An investigation is underway to determine the amount of fuel aboard the American Challenger.
- The fishing vessel ran aground onto rocks just north of Dillon Beach (LAT 38 01.93 N LONG 122 59.98 W) at 0100 hours.
- Vessel was not occupied and no reports of injury.
- An overflight of the vessel on 03/07/21 reported a light sheen in the immediate vicinity of the vessel.
- A Unified Command between the U.S. Coast Guard, OSPR, Marin County Sheriff's Office of Emergency Services, and NOAA's Greater Farallones National Marine Sanctuary has been established.
  - Coordinating with State Parks Marin County to make notifications to the local populace that boat ramps are closed in the area.
- There have been no confirmed reports of oiled wildlife.
- There are no impacts to commercial traffic or scheduled marine events at this time.
- An environmental unit is assessing protection strategies for sensitive sites in the area.
  - Containment boom operations on going within Tomales Bay.
  - USCG is broadcasting a Safety Marine Information Bulletin (SMIB) to inform the public of protection operations in Tomales Bay.
  - Miller Boat Launch is currently closed to the public by Marin County Parks to support deployment of containment boom and protection of sensitive sites.
- No injuries to responders have been reported.
- Salvage crews are assessing the vessel American Challenger with drones and developing a plan to assess damage and quantify petroleum potential on the vessel.
- No state assistance needed at this time.
- Demobilization continues from a Unified Command to Marin County
